PROSPECTUS.

Mount Saint Mary's College was founded in 1808 by Rev. John Dubois, who afterwards became Bishop of New York.

In 1830 it obtained its first charter from the Legislature of the State of Maryland.

Since its foundation there has been maintained in connection with the college an Ecclesiastical Seminary. Many of the students of this department defray their expenses wholly, or in part, by teaching in the College.

The institution is directed by an association of clergymen who with several lay professors compose its faculty.

At the annual meeting of the Council of the College, held on Commencement Day, June 15, 1905, it was unanimously agreed to form in connection with the Council, an Advisory Board, whose duty will be to act with the Council upon all matters pertaining to College welfare except studies and discipline. It was the sense of the meeting that such a body would be of great benefit. In doing this, the College gladly acknowledges the services of its lay alumni in the past, and invites a more intimate co-operation from them in the future.

The following gentlemen were elected to constitute this board:

A. V. D. WATTERSON, LL. D., Pittsburg, Pa.

HON. JAMES MCSHERRY, LL. D., Frederick, Md.

EDWARD J. DUNPHY, LL. D., New York, N. Y.

RICHARD M. REILLY, LL. D., Lancaster, Pa.

JOHN F. COGAN, A. M., Brooklyn, N. Y.

FRANCIS J. GUILFOILE, LL. B, Waterbury, Conn.

Its material interests are controlled by a Board of Directors, of which the Archbishop of Baltimore is, *ex officio*, the President.

LOCATION AND BUILDINGS.

The College buildings are situated on high ground at the foot of the Maryland range of the Blue Ridge Mountains. The location is pleasant, healthy and convenient of access. The celebrated Academy of St. Joseph and the Mother-house of the Sisters of Charity, founded by Madame Seton, are in the immediate vicinity. To many parents the chief advantage presented by Mount St. Mary's College is its quiet seclusion

and remoteness from the distractions and dangers of the city. The large farm and gardens belonging to the College furnish an abundance of the choicest dairy produce, fruit and vegetables. The vicinity of the College is a pleasant summer resort.

The buildings are substantially constructed of stone. The class-rooms, study halls and dormitories are spacious, well ventilated and comfortable in both summer and winter. For illumination, gas with Welsbach burner is used throughout the buildings.

Recently, there has been erected a commodious wing which, while serving as a connection between the two principal College buildings, adds to them many important improvements. Containing the apparatus for supplying the buildings with steam heat and equipped with the most approved style of lavatories, bath and toilet rooms, this latest addition makes the College all that reasonably could be desired in the matter of health and comfort. There are in all five dormitories, with each of which is closely connected a comfortable lavatory abundantly supplied with hot and cold water.

RECREATION.

The College recreation grounds include several terraces and a beautiful grove. In addition to these features and two hand-ball alleys already in use, a spacious *Athletic Field*, which includes a running track, has been opened convenient to the College buildings, thus affording to the students every facility for base-ball, foot-ball, running, hand-ball, tennis and other out-door sports.

During recreation hours students are permitted to leave College bounds in the company of a prefect or tutor for walks through the country.

THE NEW GYMNASIUM.

Two years ago there was completed a large and costly amusement building, intended to meet all requirements of indoor physical culture and recreation.

Containing under one roof a large and completely equipped modern Gymnasium, several bowling alleys, a running track, a commodious billiard hall, a society hall, baths and a swimming pool, this building is to the students at all times, but especially in bad weather, a source of the greatest pleasure and health.

In connection with the Gymnasium there is given a full course of Physical Culture.

CARE OF STUDENTS.

The Domestic Department and the Infirmary are under the care of the Sisters of St. Francis. In sickness and in health the students are cared for, directed and watched over with paternal kindness and solicitude. All are instructed in the doctrines of the Catholic religion, and trained to the practice of Christian morality. Vocations to the clerical state are frequent in the upper classes, and the piety and purity of youth are guarded and promoted in every possible way.

MINIM DEPARTMENT.

There is a separate department for small boys, into which are received such students as are not likely to profit by ordinary college discipline and studies. Boys under fourteen years are usually admitted to this department.

During the past year improved sanitary accommodations were introduced into this part of the College.

GOVERNMENT.

The effective though unobtrusive supervision of the clergy, aided by the constant presence of the prefects, secures the peaceful reign of good order, industrious application to study and obedience to the laws of morality and social propriety. Gentle reproof, kindly correction, the instinct of honor, and, above all, moral and religious influences, are generally found effective in the maintenance of college rules, discipline and study.

ADMISSION.

All applicants for admission into the College must present satisfactory testimonials from their pastors or other persons known to the authorities. Those coming from other colleges must also present certificates of good conduct and industry from the superiors of these institutions. Nobody shall be admitted who has been dishonorably dismissed from any other college or who cannot present satisfactory references.

EXAMINATIONS.

The classes of new students are invariably determined by examinations at the time of entrance.

Monthly written examinations are held in those classes in which the nature of the work permits them.

Public oral examinations take place half-yearly—in January and June. Besides the oral examinations at the end of the school year, there is also a general written examination, by which are determined the first honors of the College, consisting of a *gold medal* in each class.

Students attending the College for more than one year, are promoted in course at the beginning of each scholastic year, if they have attained the required standard in class work, and in the public oral and final written examinations of the preceding year.

Reports of all the classes are read monthly in the presence of the Faculty and students, and are then sent to parents or guardians.

COURSE OF STUDIES.

The regular college course, which must be followed by those who desire to take the degrees, embraces the Latin and Greek languages, French (or German, at the option of the student), Mental and Moral Philosophy, Logic, Mathematics, Chemistry, Natural Philosophy, Geology, Rhetoric and Literature, History, Christian Doctrine and Elocution.

The study of Chemistry, Astronomy and other sciences is facilitated by an excellent apparatus, a chemical laboratory and an extensive mineralogical collection.

Through the kindness of a friend of the College, a new laboratory for the practical and thorough study of Physics, Chemistry and Biology will be fully prepared and equipped during the coming vacation.

In connection with this, there will be inaugurated a special three years' course for the benefit of students preparing for a scientific career. Only those who have completed all the studies of the Freshman class will be permitted to enter this course.

A detailed schedule of the courses will be announced at the opening of the College.

The preparatory or academic course, which is a preparation for the college course, embraces Latin, Greek, English Grammar and Rhetoric, French, German or Spanish, Arithmetic and Algebra, History, Geography, Reading, Orthography and Christian Doctrine.

There is a business course in which the study of Latin and Greek is optional, and more attention is paid to commercial studies, such as Bookkeeping, Commercial Law, Mercantile Accounting and kindred branches.

= GYMNASIUM BUILDING =
MOUNT ST. MARYS COLLEGE

All are required to follow the course of studies prescribed for the department into which they enter.

DEGREES.

The Degree of Bachelor of Arts is conferred on those students who have followed and completed the regular collegiate course, subject to the following conditions:

1st. At least the last year of the course must have been made in this College.

2d. Each candidate, both in the January and June oral examinations and in the June written examinations in all the classes of the Senior Course, must have attained the standard required by the rules for graduation.

3d. He must prepare a literary essay or discourse satisfactory to the Faculty, and deliver the same in public on Commencement Day, if requested to do so.

The Degree of Master of Arts is conferred on those students who, for at least two years after taking the degree of A. B., have devoted themselves to additional studies, or to some literary pursuit or learned profession, and who make timely application for the degree.

Graduates of the Commercial Department receive proper certificates at the completion of their course.

COLLEGE SESSIONS.

The sessions (1905–1906) of the College begin Saturday, September 9, and the first day of February, continuing five months each.

There is a recess at Christmas. If students leave College during that time they must return promptly on the appointed day. No student will be permitted, except for reasons of absolute necessity, to absent himself from College at any other time during the school year while classes are in progress.

Students returning late in September, or failing to report promptly after the Christmas recess, forfeit their right to compete for prizes and honors.

RECREATION DAYS.

Besides the regular weekly holiday—Thursday—the Sundays and Holy Days of Obligation during the year and the Christmas holidays, the following are the only days on which classes are regularly suspended:

Wednesday in the third week of October—"Barbecue"—which is devoted to field sports.

The day following the annual Spiritual Retreat at the end of October.

The day preceding Thanksgiving Day.

The day following the close of the mid-year examinations.

Washington's Birthday.

Saint Patrick's day.

The last three days of Holy Week.

Easter Monday.

Decoration Day.

All charges must be paid *in advance*, and where bills are not paid on presentation, the College reserves to itself the privilege of issuing a *draft* for the amount. The non-acceptance of such draft will be considered a notice of withdrawal of the pupil, unless some satisfactory explanation is made.

No deduction will be made in case of withdrawal during a session, except for cause satisfactory to the College authorities.

Newcomers may enter at any time, and will be charged only from date of entry.

Although the College is accessible by rail by way of either Frederick, Hanover, Gettysburg, Hagerstown or Thurmont, the most convenient route is by way of Union Depot, Baltimore, and thence over the Western Maryland and Emmitsburg Railroads.

Each student should have, on entering, at least two suits of heavy and two suits of light outer clothing, three suits each of heavy, medium and light underclothing, a set of table napkins, a napkin ring and one-half dozen towels.

No uniform is required; but neatness, simplicity and economy in dress are encouraged by the College. Pocket money should be dispensed through the Treasurer and limited to about two dollars a month.

Books, stationery and clothing will be furnished at current prices by the College, at the request of parents, provided a deposit to pay the probable cost is made *in advance. Positively* no money or other articles shall be furnished to any student by the Treasurer *unless such deposit has been made in advance.*

Parents and guardians must see the reasonableness of this rule and should therefore, either supply their boys with all necessary articles of clothing, etc., or deposit *in advance* with the College Treasurer funds sufficient to cover cost of same.

When a student is about to withdraw from College, timely notice must be given, his account settled and traveling expenses provided for.

The annual vacation begins on June 15, 1905 (Commencement Day). The College reopens Saturday, September 9, with Mass, at 8:30 A. M. Students are required to present themselves the previous evening. The retreat in the Ecclesiastical Seminary begins Friday, September 1, at 7 P. M. Students must be present at noon-time on that day.

NEEDS OF THE COLLEGE.

While striving to maintain that standard of studies and discipline for which Mount St. Mary's College has always been distinguished, the College authorities for some years have aimed so to improve its buildings and equipment as to place it in the very front rank of American educational institutions. With this end ever in view they have made the many and great improvements that during the past ten years have wrought such material changes in the institution and its surroundings. However, not feeling satisfied that sufficient had been accomplished, they recently have completed the new Gymnasium, the new Athletic Field, the Lavatory Annex and the introduction of Steam Heat into all the buildings. Yet, now that all these works are accomplished, many other necessary improvements demand attention. Among the more important needs of the College are a new Chapel, a Library and a Science Hall, not to mention several other features which in these days are held to be essential parts of a well-equipped college.

For the works already completed, as well as for those to be accomplished, the outlay of a large amount of money is required.

The College, enjoying no endowments and receiving no aid from the State, depends entirely upon its annual tuition receipts for both its current expenses and the cost of its improvements. Hence, it is easy to see how much the College needs assistance in order to continue on its march of progress.

The College is indebted to several kind friends who within the past few years have generously assisted it and whose names are now held in grateful remembrance.

The improvement fund can be increased by gifts of money now, by the endowment of scholarships to aid worthy students, and by bequests.

Members of the College Alumni and all others who desire to advance its best interests may feel sure that whatever aid they extend to the institution at this time will not only be highly appreciated by the Faculty, but will also be put to the best possible use for the continuance and advancement of the great work of Catholic education which this College has carried on for almost a century.

THE MOUNTAINEER

PUBLISHED BY

THE STUDENTS OF MOUNT SAINT MARY'S COLLEGE.

THE MOUNTAINEER is the recognized organ of the students and Alumn- of Mount St. Mary's College. Its object is literary improvement, the chronicling of interesting events at the College and the cementing in a more vital bond of fellowship the members of the Alumni, to whom it is invaluable.

Published every month during the school term in the very center from which all college news emanates, and at the point toward which all Alumni gossip is directed, it is a safe and reliable medium of college information and the only exact chronicler of Alumni news.

Being under the direction of the students, it must rely for its support upon the friends of the College. The aid of the Alumni is, therefore, respectfully requested and will be greatly appreciated.

ST. JOSEPH'S ACADEMY FOR YOUNG LADIES

EMMITSBURG, MARYLAND.

This beautiful and commodious institution, fostered in the same nursery as Mount St. Mary's, has always held the highest reputation for the refined and virtuous education given to its pupils. It is situated in a lovely valley at the foot of the Blue Ridge, about two miles from the College and about one-half a mile from Emmitsburg.

The location, as well as the high standing of these two institutions, offers peculiar advantages to parents who have both sons and daughters to be educated, for both may be visited at the same time, and the brothers and sisters have the opportunity of seeing one another every week during the course of the academic year.

Letters of Inquiry should be addressed to the

MOTHER SUPERIOR,

St. Joseph's Academy, near Emmitsburg, Frederick Co., Md.
